

Finding percentages

This task is about finding percentages of numbers.

The Harding whānau went on a journey of 150 km.

a) What percentage of the trip have they gone after?

i) 30 km? _____%

ii) 105 km? _____%

iii) 125 km? _____%

Show how you would work out the distances below as a percentage of the whole 150 km trip

b) if your calculator did not have a percent (%) key.

i) 120 km of 150 km

Answer: _____%

ii) 20 km of 150 km

Answer: _____%
