

# Gardening time

This task is about percentages and fractions.

Malachi and Tori did some gardening for Mr Langford.

a) This is how Malachi spent his time.

$\frac{1}{2}$  weeding     $\frac{1}{5}$  digging     $\frac{3}{10}$  trimming

What **percentage** of the time did Malachi spend ...

i) weeding?  %

ii) digging?  %

iii) trimming?  %

b) This is how Tori spent her time.

- 50% mowing lawns
- 25% pruning
- 10% sweeping
- 15% trimming

Write each of the percentages of how Tori spent her time as **fractions** in their simplest form.

i) mowing

ii) pruning

iii) sweeping

iv) trimming
