

Gardening time

This task is about percentages and fractions.

Malachi and Tori did some gardening for Mr Langford.

a) This is how Malachi spent his time.

$\frac{1}{2}$ weeding $\frac{1}{5}$ digging $\frac{3}{10}$ trimming

What **percentage** of the time did Malachi spend ...

i) weeding? %

ii) digging? %

iii) trimming? %

b) This is how Tori spent her time.

- 50% mowing lawns
- 25% pruning
- 10% sweeping
- 15% trimming

Write each of the percentages of how Tori spent her time as **fractions** in their simplest form.

i) mowing

ii) pruning

iii) sweeping

iv) trimming
