Gardening time

This task is about percentages and fractions.

Malachi and Tori did some gardening for Mr Langford.

a) This is how Malachi spent his time.

$$\frac{1}{2} \text{ weeding} \qquad \frac{1}{5} \text{ digging} \qquad \frac{3}{10} \text{ trimming}$$

What **percentage** of the time did Malachi spend ...

i)   weeding? ☐ %

ii) digging? ☐ %

iii) trimming? ☐ %

b) This is how Tori spent her time.

- **50% mowing lawns**
- **25% pruning**
- **10% sweeping**
- **15% trimming**

Write each of the percentages of how Tori spent her time as **fractions** in their simplest form.

i)   mowing ☐

ii) pruning ☐

iii) sweeping ☐

iv) trimming ☐
