# Sharing things

**This task is about fractions of an area or objects.**

a)   Mr Koro said he would weed half ($\frac{1}{2}$) of the garden.

Aroha and Ben said that they would each weed half of the rest.

i) On this plan of the māra kai, write the name of the person who weeded each piece.

Plan of the Garden

ii)   What **fraction** of the garden did Aroha weed? _____

Zoe had 16 grapes. She gave half to Toby.

b)   How many grapes did Toby get? _____

c) Jenny shared her chocolate bar with Kate and Linda. They all had the same amount.

i) What fraction of the chocolate bar did Jenny have? _____

ii) What fraction of the chocolate bar did Jenny give away? _____
