

# Finding multiples

---

This task is about finding multiples and common multiples.

1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20

Using the numbers in the box above write down  
a)

... all the multiples of 3.

i) \_\_\_\_\_

... all the **common** multiples of 2 and 3.

ii) \_\_\_\_\_

I am a number between 5 and 25, and I am a multiple of both 3 and 5.

b) What number am I? \_\_\_\_\_

I am a number between 20 and 40, and I am a multiple of both 2 and 7.

c) What number am I? \_\_\_\_\_

I am a number between 1 and 40, and I am a multiple of 3, 5, and 6.

d) What number am I? \_\_\_\_\_
