Ordering numbers

This task is about ordering numbers.

a) Five children counted the number of marbles they each had.
    This is what they found.

Hone	23
Marty	32
Poppy	29
Meg	31
Sam	22

i) Who has the most marbles?   *Hone | Marty | Poppy | Meg*

ii) Who has the least marbles?   *Hone | Marty | Poppy | Meg | Sam*

iii) Poppy has more marbles than   *Hone | Marty | Poppy | Meg | Sam* and
     Hone | Marty | Poppy | Meg | Sam

b) Six children measured their heights and this is what they found.

Abbie	122 cm
Callum	119 cm
Eve	126 cm
Bluey	109 cm
Don	131 cm
Pam	120 cm

Put the children in order from **shortest** to **tallest**.

Abbie	Bluey	Callum	Don	Eve	Pam
