

# Information on a calendar

This task is about showing information on a calendar.

INFORMATION CHART
<ul style="list-style-type: none"><li>• February</li><li>• The month starts on a Monday.</li><li>• The year is a leap year.</li></ul>

a) Using the information chart above complete the calendar for the month of February below.  
On your calendar you will need to show:

- The days of the week starting with Sunday at the top of the first column.
- The date of each day.

February						

b) Write the following events onto the calendar:

- School Sports on the third Wednesday of the month.
- Waitangi Day on the 6 February.
- Mum's birthday is on the Friday of the second week.

c) On what day of the week was the last day in January? \_\_\_\_\_
