

Using clock faces

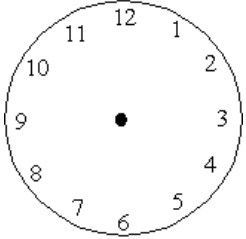

This task is about showing time.

Ben waited for the bus for 20 minutes. If he reached the bus stop at 7:40 a.m., at what time did the bus come?

a)

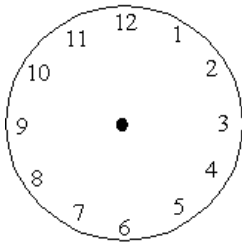

Melanie ate her lunch in 10 minutes. She finished eating at 12:35 p.m.

b) On the clock face, show the time she **started** eating.

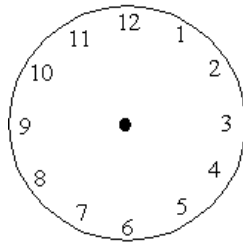

c) Show the time that is on each digital clock on the clock face below it.

i) 1 : 15

ii) 2 : 30

iii) 4 : 45
