

# Estimating weight

**This task is about weight of objects compared to one kilogram.**

Your teacher will give you a bag or container that weighs exactly 1 kilogram.

Lift it up and feel how much it weighs.

Now lift each of the 5 other objects your teacher will give you and feel how much they weigh.

Write the name of each object in the table below, and then select whether it is

- less than 1 kilogram,
- about the same as 1 kilogram, or
- more than 1 kilogram.

<b>Object</b>	<b>Less than 1 kilogram</b>	<b>About 1 kilogram</b>	<b>More than 1 kilogram</b>
<input type="text"/>	<i>Yes/ No</i>	<i>Yes/ No</i>	<i>Yes/ No</i>
<input type="text"/>	<i>Yes/ No</i>	<i>Yes/ No</i>	<i>Yes/ No</i>
<input type="text"/>	<i>Yes/ No</i>	<i>Yes/ No</i>	<i>Yes/ No</i>
<input type="text"/>	<i>Yes/ No</i>	<i>Yes/ No</i>	<i>Yes/ No</i>
<input type="text"/>	<i>Yes/ No</i>	<i>Yes/ No</i>	<i>Yes/ No</i>
