

Corinth Canal

This task is about working out area and volume.

The picture shows a cross-section of the Corinth Canal in Greece. The 6.4 km long canal has sloping sides and the water is 8 metres deep throughout.

a) What is the **area** of the cross-section of the canal up to the water-line? m²

b) What is the total **volume** of water in the 6.4 km long canal? m³
