Predicting weight

This task is about how heavy things are.

About how many multi-link cubes will it take to balance the sellotape on the scales? (Choose one) 5 cubes 10 cubes 50 cubes b) Feel how heavy 10 multi-link cubes are and how heavy the staples are. About how many multi-link cubes will it take to balance the packet of staples on the scales? (Choose one) 10 cubes 40 cubes 100 cubes 100 cubes Write your answers in the table below.	•	l 0 multi-link cubes are and		•	•	
b) Feel how heavy 10 multi-link cubes are and how heavy the staples are. About how many multi-link cubes will it take to balance the packet of staples on the scales? (Choose one) 10 cubes 80 cubes Use the multi-link cubes to see how many cubes it will take to balance the sellotape on the scales. Do the same with the packet of staples. Write your answers in the table below. Object I used sellotape cubes	-	multi-link cubes will it tak	e to bal	lance the sell	otape on the sca	lles?
b) Feel how heavy 10 multi-link cubes are and how heavy the staples are. About how many multi-link cubes will it take to balance the packet of staples on the scales? (Choose one) 10 cubes 40 cubes 100 cubes Use the multi-link cubes to see how many cubes it will take to balance the sellotape on the scales. Do the same with the packet of staples. Write your answers in the table below. Object I used sellotape cubes	o 5 cubes			O 10 cubes		
About how many multi-link cubes will it take to balance the packet of staples on the scales? (Choose one) 10 cubes 40 cubes Use the multi-link cubes to see how many cubes it will take to balance the sellotape on the scales. Do the same with the packet of staples. Write your answers in the table below. Object used sellotape cubes	25 cubes			O 50 cubes		
Use the multi-link cubes to see how many cubes it will take to balance the sellotape on the scales. Do the same with the packet of staples. Write your answers in the table below. Object I used	About how many (Choose one)			lance the pac	ket of staples on	n the scales?
Do the same with the packet of staples. Write your answers in the table below. Object used cubes	80 cubes			1 00 cubes		
sellotape cubes	Do the same with c)	the packet of staples.	ubes it v	will take to ba	alance the sellota	ape on the scales.
		Object	l us	sed		
staples cubes		sellotape			cubes	
		staples			cubes	

Use the 10 g weights to see how many **grams** it will take to balance the sellotape on the scales.

Do the same with the packet of staples.

d)

Write your answers in the table below.

Object	I measured
sellotape	grams
staples	grams
