

Looking at weight

This task is about estimating, then measuring, weight.

You will be given two bags to measure. First estimate the weight of each bag then measure it and record your answers.

a) About how many grams does Bag A weigh? (*Select one*)

100 grams

200 grams

500 grams

1000 grams

b) About how many grams does Bag B weigh? (*Select one*)

200 grams

400 grams

750 grams

1200 grams

c) **Measure** how many **grams** each bag weighs using the kitchen scales.
Write your measurements in the table below.

Object	Measurement
Bag A	<input type="text"/> grams
Bag B	<input type="text"/> grams
