

Projecting shapes

This task is about recognising shapes.

Matua Collins was projecting shapes.

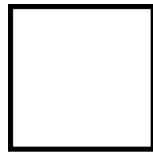

He put this shape on the projector to make it look bigger.

Select the shape that his class will see on the screen.

<input type="radio"/> A large house-shaped pentagon, wider than it is tall.	<input type="radio"/> A tall, narrow house-shaped pentagon.
<input type="radio"/> A tall, narrow house-shaped pentagon.	<input type="radio"/> A large house-shaped pentagon, wider than it is tall.

The class saw this shape on the screen:

Select the shape that Matua Collins put on the projector.

<input type="radio"/> A rectangular prism (cuboid) shown in perspective.	<input type="radio"/> A cube shown in perspective.
<input type="radio"/> A cylinder shown in perspective.	<input type="radio"/> A cone.
