

Duck, duck, goose

This task is about moving around in a circle.

Some friends are sitting in a circle ready to play "Duck, duck, goose." To play the game one person walks around the circle and picks someone to chase them back to their seat.

a) i) Sam walks clockwise around the circle to the 5th person.

Who does Sam pick to chase him? *Karen / Rose / Miriam / Amy / Luke / Paul / Sam*

ii) Miriam walks anticlockwise around the circle to the 4th person.

Who does Miriam pick to chase her? *Karen / Rose / Miriam / Amy / Luke / Paul / Sam*

iii) Luke walks clockwise around the circle to the **3rd** person.

Who does Luke pick to chase him? *Karen / Rose / Miriam / Amy / Luke / Paul / Sam*

b) Amy wants to pick Rose to chase her.

Tell Amy how she could pick Rose by filling in the spaces below.

"You could walk around the circle **clockwise** and pick the person, or walk **anticlockwise** and pick the person."
