

# Drawing block towers

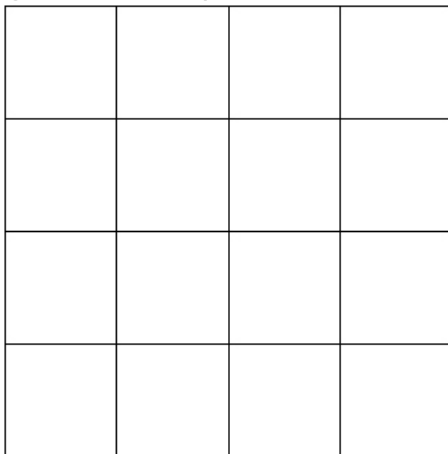

This task is about making and drawing different views of 3-D models.

- a) Make the block tower shown below.  
Show it to your teacher.

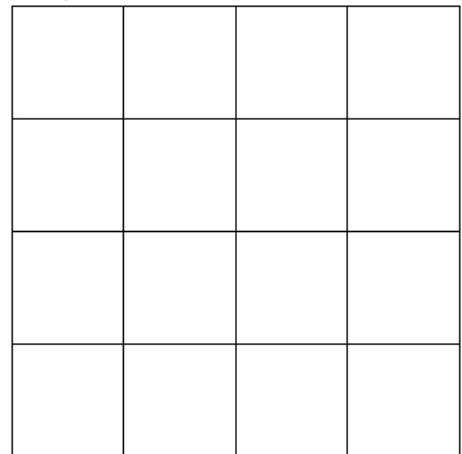

On the grid paper below draw 3 views of your block tower - from the top, from the front, and from the side.

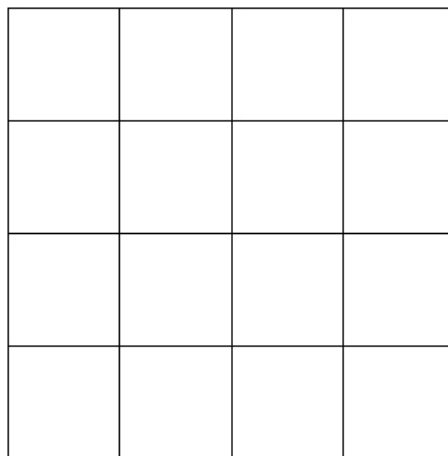

- i) Looking from the top.

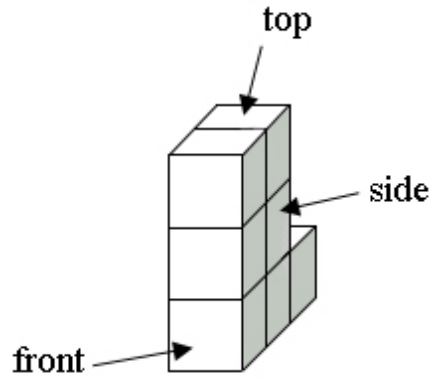

- ii) Looking from the front.

- iii) Looking from the side.

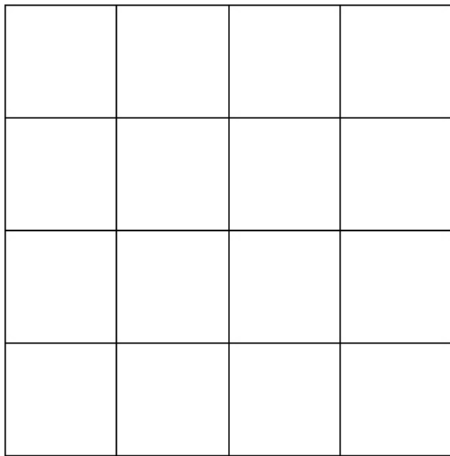

- b) Make the block tower shown below.  
Show it to your teacher.

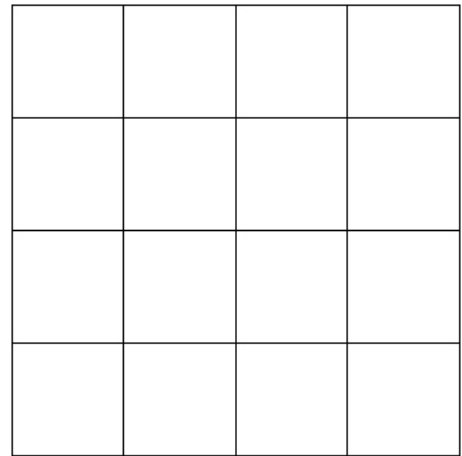

On the grid paper below draw 3 views of your block tower - from the top, from the front and from the side.

- i) Looking from the top.

- ii) Looking from the front.

- iii) Looking from the side.
