

# Tangram shapes

---

This task is about tangrams.

## Practical task

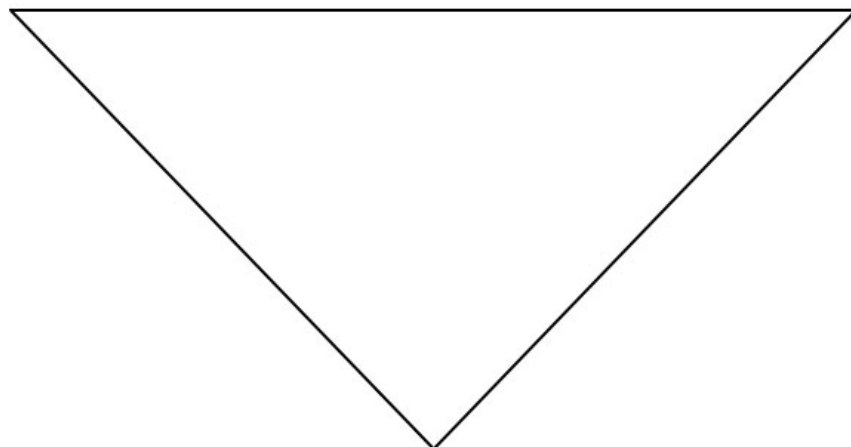

- a) Cut out the first set of shapes and arrange them so that they fit exactly into the outline drawing of the rectangle. Glue them on to the rectangle.

- b) Cut out the second set of shapes. Find a **different** way of arranging them so that they fit exactly into the outline drawing of the rectangle. Glue them on to the rectangle.

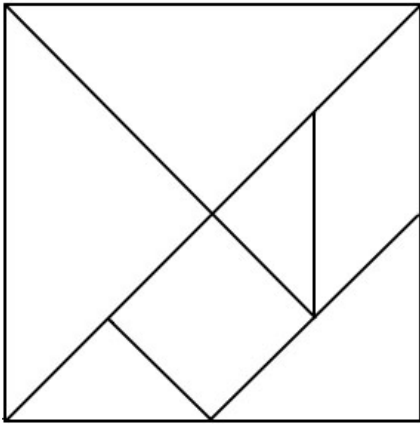

- c) Cut out the third set of shapes and arrange them so that they fit exactly into the outline drawing of the triangle. Glue them onto the triangle.

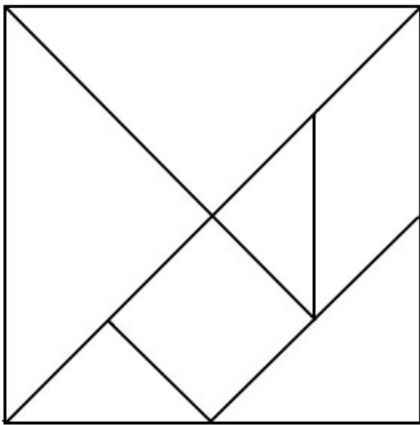

Cut out all the shapes
