

# Corners, faces and edges

---

**This task is about corners, faces and edges of 3-D shapes.**

Your teacher should have shapes to help you fill in a chart about corners, faces, and edges.

Use the shapes to help you fill in the chart.

Shape	Number of faces	Number of corners	Number of edges
cube	<input type="text"/>	<input type="text"/>	<input type="text"/>
triangular prism	<input type="text"/>	<input type="text"/>	<input type="text"/>
rectangular prism	<input type="text"/>	<input type="text"/>	<input type="text"/>
hexagonal prism	<input type="text"/>	<input type="text"/>	<input type="text"/>
