

Commutative number lines

This task is about using number lines to show number sentences.

a) Write the number sentence that each number line shows in the boxes below.

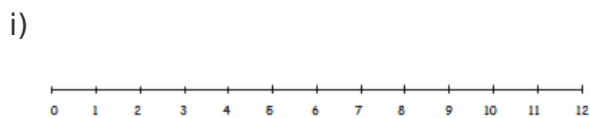

$7 + 3 = \underline{\quad}$
$+ \underline{\quad}$
$\underline{\quad}$

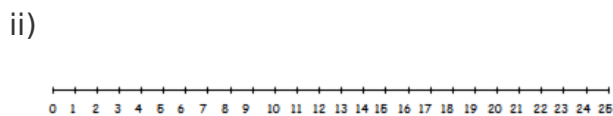

$\underline{\quad} + \underline{\quad} = \underline{\quad}$
$+ \underline{\quad}$
$\underline{\quad}$

b) Use the number lines below to draw in each number sentence.

$4 + 8 = 8$
$+ 4$
$\underline{\quad}$

$16 + 9 = 9 +$
16
$\underline{\quad}$
