

Find the missing numbers

This task is about finding the missing numbers to make the number sentences true.

Find the missing numbers for each of the following problems without doing any calculating.

a) $63 - 63 + \boxed{} = 37 - 37 + 91$

b) $59 + 72 - 59 = 89 + \boxed{} - 89$

c) $7 + 34 + 48 - 34 = 48 + \boxed{}$

d) $24 + 37 - 24 = 37 + 9 - 9 + \boxed{}$

e) $42 + 59 - 42 = 55 + 12 - 12 + \boxed{}$
