

# What is equal?

---

This task is about number sentences that are true.

Look at each of the number sentences below. Select whether it is True or False or Not a proper number sentence.

a)  $5 + 3 = 8$       *True / False / Not a proper number sentence*

b)  $7 = 2 + 5$       *True / False / Not a proper number sentence*

c)  $3 + 4 = 7 + 2$       *True / False / Not a proper number sentence*

d)  $6 + 3 = 2 + 7$       *True / False / Not a proper number sentence*

e)  $4 + 5 = 9 + 1$       *True / False / Not a proper number sentence*
