

## 4 by 4 Number square

This task is about finding the correct numbers to complete an addition number square.

Cut out the numbers at the bottom of the page and use them to fill in the squares below so that:

- the sum of each row equals the total at the end of the row, **and**
- the sum of each column also equals the total at the bottom of the column.

You may only use the number cards provided. There will be 10 cards left over.

	2	5		<b>Total</b> 14
5		2	4	17
2	6	1		11
		3	1	13
<b>Total</b>	15	19	11	10

Cut out the number cards.

2	3	4	5	<u>6</u>	7	8	<u>9</u>
2	3	4	5	<u>6</u>	7	8	<u>9</u>
