Washing machine repair

This task is about calculating and comparing the cost of repairs from two companies.

Two washing machine repair firms charge for repairs in different ways.

• Nockem Hardware charge a standard \$70 for a call out, and then \$30 per hour for servicing.

 Bustum Services charge \$40 for the call out, and then \$35 per hour for servicing. 	
a)Show how to work out what Nockem Hardware would charge for a 2 hour repair.	
Anguari d	
Answer: \$	<u> </u>
b)Show how to work out what Bustum Services would charge for a 2 hour repair.	
Answer: \$	
c) Show how to work out how many hours it would take to carry out a repair for which both companies charged exactly the same.	
Answer: ho	ours
d)Mrs Savi knows that her machine is badly damaged and will take 3 hours to fix.	ours
d)Mrs Savi knows that her machine is badly damaged and will take 3 hours to fix. • Recommend which firm it would be cheaper for Mrs Savi to get her machine repaired	
 d)Mrs Savi knows that her machine is badly damaged and will take 3 hours to fix. Recommend which firm it would be cheaper for Mrs Savi to get her machine repaired leading or give reasons for your recommendation (justification). 	
 d)Mrs Savi knows that her machine is badly damaged and will take 3 hours to fix. Recommend which firm it would be cheaper for Mrs Savi to get her machine repaired leading or give reasons for your recommendation (justification).
