

# Skyrocket

This task is about interpreting a line graph.

The graph below shows how high a skyrocket travelled over time once it was lit.

Height of Skyrocket over time

- a) What was the height of the rocket after 11 seconds?  metres
- b) How many seconds did it take the rocket to reach its highest point in the sky?  seconds
- c) How many seconds did it take the rocket to reach a height of 100 metres?  seconds
- d) How many seconds did it take the rocket to travel from 30 metres to 80 metres in height?  seconds
