

Pyramid pattern

This task is about making patterns and finding a rule.

Your teacher will show you how to make a pyramid pattern.

Y N

a) Firstly, make the next size pyramid up.

--	--

b) Now make the next size pyramid up.

--	--

c) Altogether how many triangles did you need to make the last pyramid pattern? _____

d) i) How many triangles would you need to make the **next size up** from this pyramid pattern?

ii) _____

How did you work this out?
