

# Older or younger?

**This task is about a relationship diagram.**

The arrows  in the diagram below show who "is older than".

For example, the arrow pointing from Brent to Meg shows that Brent "is older than" Meg.

Use the diagram above to help you select the name that makes each sentence correct.

- a) *Brent / Meg / Hemi* is older than Kaatiana.
- b) *Brent / Kaatiana / Hemi* is younger than Meg.
- c) *Brent / Kaatiana / Meg / Hemi* is the youngest.
