

Graphing a story

This task is about creating a graph from a story.

Use the story to help you draw a line graph about how Kina was feeling.

Kina the kuri

Kina woke up and felt a little cold. After breakfast he went for a walk and warmed up nicely. During lunchtime he sat in the sun and got too hot. In the afternoon Kina swam in the icy river until he felt freezing. At dinner time Kina snuggled up to his mother until he felt warm again.

How Kina was feeling
