

Patterns with counters

This task is about continuing a pattern and describing the rule for the pattern.

Practical Task

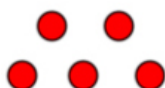

Your teacher will give you some counters.

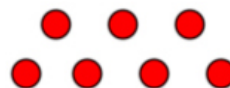

Shape 1

Shape 2

Shape 3

Shape 4

- a) Use the counters to make Shape 5 and Shape 6 in the pattern shown above. When you have made the shapes, either show them to your teacher or draw them in the space below.

Shape 5

Shape 6

Tell your teacher, or write down in words, how this pattern has been made.

- b)
