

Basketball lesson

This task is about using a mapping diagram to work out what activities students chose.

This mapping diagram shows the activities that each student chose for a basketball lesson.

a) Select a student who chose jumping.

Wiremu | Jenny | Aroha | Stephen | Zoe | Olivia | Tiva | Kyle | Lorna

b) Which activity did Wiremu choose? *Passing | Shooting | Dribbling | Jumping (Select one)*

c) How many students chose passing?

d) Select all the students who chose shooting.

<input type="radio"/> Wiremu	<input type="radio"/> Jenny	<input type="radio"/> Aroha	<input type="radio"/> Stephen	<input type="radio"/> Zoe
<input type="radio"/> Olivia	<input type="radio"/> Tiva	<input type="radio"/> Kyle	<input type="radio"/> Lorna	

e) Select all the other students who chose the same activity as Tiva

<input type="radio"/> Wiremu	<input type="radio"/> Jenny	<input type="radio"/> Aroha	<input type="radio"/> Stephen	<input type="radio"/> Zoe
<input type="radio"/> Olivia	<input type="radio"/> Tiva	<input type="radio"/> Kyle	<input type="radio"/> Lorna
