

# Plotting the grid

This task is about giving the co-ordinates of points on a graph.

- a) Find each of these co-ordinates on the grid above. Write down the **letter** at each point.
- i) (9,1) \_\_\_\_\_
  - ii) (8,10) \_\_\_\_\_
  - iii) (3,8) \_\_\_\_\_
  - iv) (11,5) \_\_\_\_\_
- b) Draw a straight line to join points **C**, **E**, and **G**.
- i) Draw a new point on the grid that fits on this line and label it **K**.
  - ii) Write down the co-ordinates of **K**. ( \_\_\_\_ , \_\_\_\_ )
