# Animal race

This task is about reading information from a graph.

There was once a race between a rabbit, a cat, and a dog. The graph below shows how fast they ran.

Complete each of these sentences by choosing the correct name of one of the three animals.

a) At 20 minutes into the race, the *dog* / *cat* / *rabbit* was running the slowest.

b) The *dog* / *cat* / *rabbit* stopped for a rest during the race.

c) The *dog* / *cat* / *rabbit* ran at about the same speed throughout the race.

d) The *dog* / *cat* / *rabbit* got faster as the race went on.

e) The *dog* / *cat* / *rabbit* reached the fastest speed during the race.
