

# Power cut

This task is about things that need electric power to work.

- a) Imagine the electricity to your home was cut for more than one and a half days.  
List **four** things that would not work.  
Give examples of the problems that would happen because of this.

	Something that would not work	Problems this would cause
1.	<input type="text"/>	<input type="text"/>
2.	<input type="text"/>	<input type="text"/>
3.	<input type="text"/>	<input type="text"/>
4.	<input type="text"/>	<input type="text"/>

- b) Give a different example for something that would not work in a **town's main street or a shopping centre**.

Something that would not work	Problems this would cause
<input type="text"/>	<input type="text"/>

- c) Give a different example for something that would not work **on a farm**.

Something that would not work	Problems this would cause
<input type="text"/>	<input type="text"/>
