A home made thermometer

Susie made a water thermometer. She tested her thermometer at different temperatures.

a) In the tube below, draw the water level to show a temperature of 50°C.

- b) What is the maximum temperature Susie could measure with her water thermometer?
 - (**A**) 90° C
- (**B**) 100° C
- (**C**) 110° C (**D**) 120° C
- (**E**) 130° C
