

Rolling marbles

This task is about planning a fair test.

Choose two cards that show how to plan a fair test to answer the question, "Will a marble roll further on a carpet or a smooth floor?". You will need to think about what has to stay the same, and what will need to change.

- Show your teacher the two cards you have chosen.
- Tell your teacher why you chose those two and not two others.

Set of cards for each group.
