

Cat food and soup

What do you think?

In your group:

- Discuss each of the three ideas in the concept cartoon.
- Decide which idea (or ideas) you think is/are correct.
- When you have finished the discussion, fill in the chart below.

a)

	Statement	We agree /disagree	Our reasons
i)	Li said "I think they will both go the same distance because they are rolling on the same surface."		
ii)	Debra said "I think the can of cat food won't roll as far because it is too heavy."		
iii)	Pania said "I think the can of soup won't go as far because the soup will be rubbing inside the can."		

b) We predict the can of _____ will roll further because ...
