

Magnet investigation

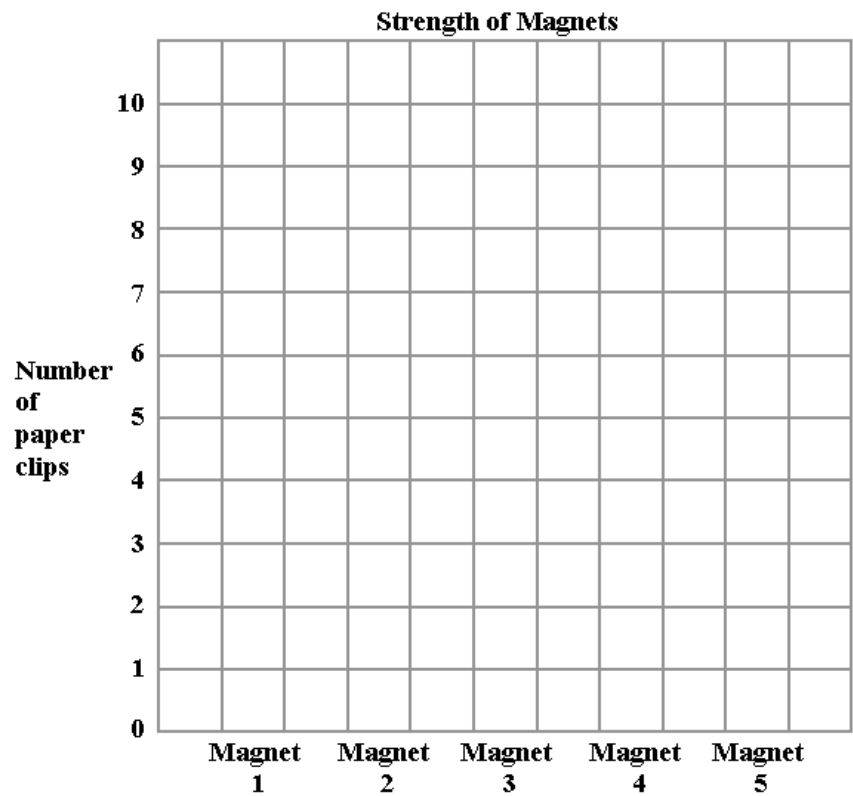

This task is about investigating the strength of magnets.

Jay had 5 different magnets. She tested each magnet to see how many paperclips it could pick up.

This table shows how many paper clips each magnet picked up.

	Magnet 1	Magnet 2	Magnet 3	Magnet 4	Magnet 5
Number of paper clips	5	4	7	1	4

a) Draw a bar graph to show this information.

b)i) Which magnet is the strongest? _____

ii) Why do you think this?
