

Cooling the car

This task is about deciding which car is the coolest and why.

These cars were parked in a sunny supermarket car park for the same length of time.

The driver's car windows had been left open at different heights.

a) Which car will be the coolest inside after one hour?

<input type="radio"/> 	<input type="radio"/> 
<input type="radio"/> 	<input type="radio"/> 

b) Explain fully what happens to cool this car
