

# The Moon's surface

---

This task involves finding out about features of the Moon.

**The Moon**

**Astronaut on the Moon**

Some astronauts have just returned to the Earth after their space mission to the Moon. You are a reporter for a magazine and you would like to know more about the surface of the Moon.

Write down **three** questions that you could ask the astronauts about how the surface of the Moon is different to the Earth's.

1.

2.

3.
