

# What's happening in the world

**This task is about interpreting symbols on a map of the world.**

Here is a diagram showing the major natural events that happened on the Earth in one week.

a) This symbol  means a geyser erupted.

In what part of New Zealand is this most likely to have happened?

- ☐ Auckland ☐ Rotorua ☐ New Plymouth ☐ Hamilton

b) What event on the Earth would be shown by these symbols?

i) 

ii) 

c) What is special about the temperature  + 45°C, marked on the map?
