

Reading a weather map

This task is about interpreting a weather map.

The map shows the weather for the Taranaki/Wanganui region for one day in November.

a) Wanganui's weather is best described as

- rain clearing, moderate temperatures, strong north-westerlies.
- mostly fine, warm, windy.
- showery, warm, light winds.
- raining, cold, strong north-westerly winds.

b) What is Waitara's weather like on this day?

- Cloudy, warm, and calm
- Showery, moderate temperatures, and very windy
- Raining, moderate temperatures, with gale-force winds
- Heavy rain, cold, with strong northwesterlies.

c) Waitara's weather the next day will probably be

- fine, warm, with no wind.
- cloudy, cold, decreasing winds.
- clearing, warmer, with less wind.
- showery, moderate temperatures, light winds.
