## A new town

This task is about using a map to identify the environmental impact of a new town.

| a) | What do the arrows next to the river show? |   |
|----|--|---|
|    |  | ) |
|    |  |   |

b) i) This new town will need drinking water.

Place an "X" on the river to show where this water should be collected.

| ii) Why did you choose this area to collect the water from? |  |  |  |  |
|---|--|--|--|--|
|   |  |  |  |  |
|   |  |  |  |  |
|   |  |  |  |  |
|   |  |  |  |  |

| c) Name <b>one</b> thing the builders of this new town could do to help stop the river from flooding the houses. |  |  |  |  |  |
|--|--|--|--|--|--|
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
