

Melting ice

This task is about planning how to speed up or slow down melting.

Think about which of these things speed up or slow down melting.

Plate

Newspaper

Chilly bin

a) Choose one of the things in the box above that you could use to help make an ice cube melt **quickly**.

i) I would choose the *plate / newspaper / chilly bin*.

ii) Describe what you would do

iii) Why do you think this would work?

b) Choose one of the things in the box above that you could use to help make an ice cube melt as **slowly** as possible.

i) I would choose the *plate / newspaper / chilly bin*.

ii) Describe what you would do.

iii) Why do you think this would work?
