

# Amazing water

---

**This task is about the different states of water.**

Mere drew her Grandma some pictures to show her that water can be found in three different forms: solid, liquid, and gas.

Draw the three different ways Mere could show water in these boxes.

Write a label for each picture to tell what the picture shows.

Solid	Liquid	Gas
<p>Label: _____</p>	<p>Label: _____</p>	<p>Label: _____</p>
