

# Will the jars float or sink?

---

This task is about flotation.

Air

Water

Sand

Air

A student had four glass jars each with tight lids. The jars were full of either air, water, or sand. Each jar was put into a bucket of water.

Select whether the jars would float or sink below.

i) Jar A *Float / Sink*

ii) Jar B *Float / Sink*

iii) Jar C *Float / Sink*

iv) Jar D *Float / Sink*
