

Properties of paper

This task is about reading information from a table.

Property	Paper A	Paper B	Paper C	Paper D	Paper E
Soaks up liquid	○	○	○	●	◐
Coloured/patterned	●	◐	○	◐	○
Folds easily	●	●	◐	●	◐
Rough surface	○	◐	◐	●	●
Thickness	○	◐	●	●	●

Use the information in the table about different sorts of paper to answer the questions.

a) Circle the paper which has the 'least' rough surface.

- Paper A
- Paper B
- Paper C
- Paper D
- Paper E

b) Put paper C, paper D, and paper E in order of 'soaks up most liquid' to 'soaks up least liquid'.

Most: _____ Middle: _____ Least: _____

c) Which paper would make the best Christmas wrapping paper? _____

d) Describe paper C.
