

A wasteland food web

The diagram shows a number of food chains related to each other. This is called a food web.

Use the food web to answer the following:

a) Name a producer in the food web. _____

b) Which two animals in the food web are not eaten by other animals?

1. _____ and 2. _____

c) Name a carnivore in the food web. _____

d) In the space below draw a food chain that is part of this food web.

The food chain must contain small birds.

e) What do the "arrows" mean in a food chain or food web?
