

Constructing a food web

This task is about showing relationships in a food web.

Here is some information about feeding links between several different animals and plants.

sparrow	→	hawk
grass	→	caterpillar
rabbit	→	cat
grass	→	rabbit
gorse	→	beetle
caterpillar	→	sparrow
rabbit	→	hawk
beetle	→	sparrow

In the box below draw a food web showing all of the feeding links shown above.
