

# Life cycle of a frog

This task is about the life cycle of a frog.

Put the pictures in order to show the growing stages from a tadpole to a frog.

b) As this frog grows, what **two** things will change about the way the frog looks or lives?

1.

2.

c) The tadpole in D spends all its time under water. What do you think it uses to breathe?

d) The frog in C lives mainly on the land. What do you think it uses to breathe?

e) What is the name of the larger group of animals frogs belong to?
