

# Food of wild cats

This task is about reading information from a graph.

Food of wild cats

Stewart Island

Orongorongo Valley (North Island)

a) What is the main food of wild cats?

b) Give **one** major difference between the food that wild cats eat on Stewart Island and in the Orongorongo Valley.

c) Some people think it would be a good idea if owners of cats living near bush or national parks kept their pets inside at night.  
Why might this be a good idea?
