

# Dinosaur drawing

---

**This task is about reading a description and drawing a picture of what was described.**

Read this description of a dinosaur.

I like to eat small animals. I chase these small animals through the forest. My head is protected so I don't get hurt if I bump into branches. I use my back legs to help me run fast. I use my tail for balance when I am running. Most other animals find my dark and light colours scary.

Draw a dinosaur that would fit this description in the box below. Colour in your dinosaur.
